

THE 10 MIN EVALUATION

Ever wonder “what if”? Have you thought about changing your smile but would prefer to start with a simple, quick overview rather than a “grand production”? What are the possibilities? It is important to choose the correct path before launching into treatment. For only a \$5 contribution to Honor Flight of NE Indiana, we can help you.

WHAT YOU GET:

1. An initial evaluation of your oral situation.
2. An oral cancer screening.
3. A low-medium-high grade on the threat cavities are to you.
4. A low-medium-high grade on the threat periodontal disease is to you.
5. A low-medium-high grade on the threat occlusal disease is to you.
6. The dentist will spend at least 10 minutes with you.
7. The dentist will listen and read your concerns and explain how cosmetic dentistry, veneers, restorative dentistry, traditional orthodontics, speedbraces, implants, Zoom whitening and Invisalign could be used in combination to give you a “Hollywood smile”.
8. The dentist will give you approximate price ranges and treatment time ranges.
9. You will learn what the possibilities are.

WHAT YOU DON'T GET:

1. X-rays.
2. Periodontal disease gum measurements.
3. Detailed, specific treatment plans with precise prices and treatment duration times.
4. Precise cavity counts detailing which surfaces of which teeth have cavities.

WHAT YOU SHOULD DO TO MAXIMIZE YOUR 10 MINUTES WITH THE DENTIST:

1. Complete your medical history thoroughly.

2. Complete your “How would you like to change your smile?” sheet.
3. Complete your “How did you hear about us?” sheet.
4. Essentially, do your homework before your 10 Minute Evaluation begins!

WHERE DO WE GO FROM HERE?

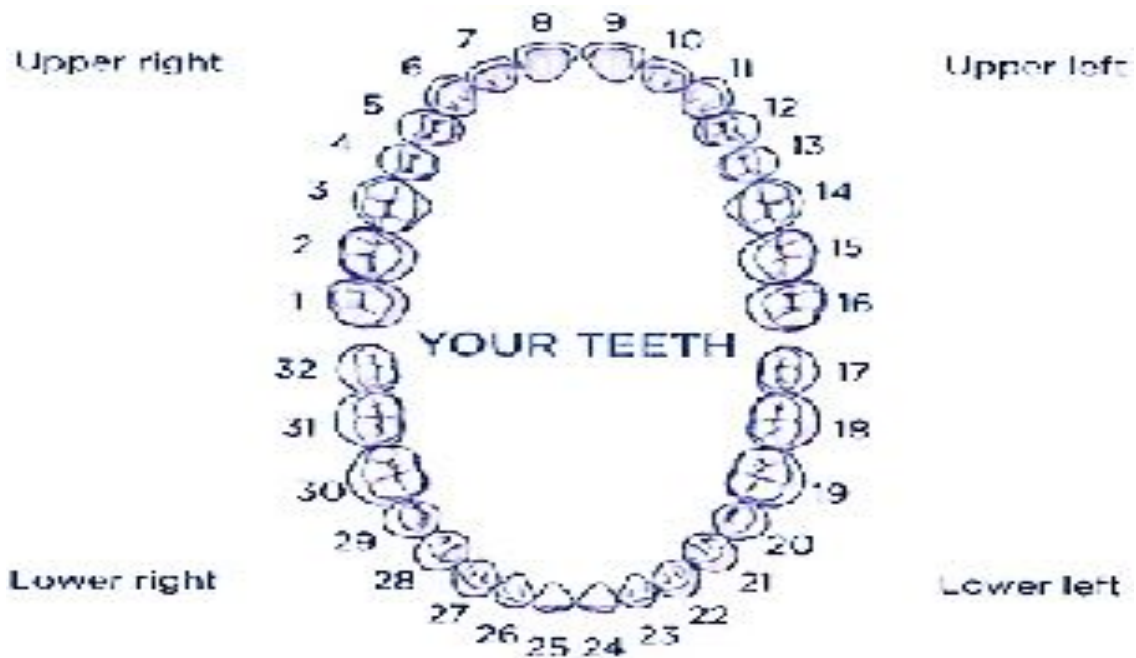

1. Go home and think about the options/possibilities.
2. Choose which path best fits you.
3. Call Lima Road Dentistry and make an “initial exam” appointment. At this appointment we will get x-rays, diagnostic models, photographs and chart everything we need. Then we will have the data necessary to do a COMPLETE CASE ANALYSIS for you. If you execute the “initial exam” appointment in 30 days or less from your 10 Minute Evaluate appointment, you will receive a 30% discount.
4. The dentists at Lima Road Dentistry will then do a Complete Case Analysis. You will be scheduled for a no-charge follow-up consultation at which all of your options will be explored and questions answered. You will be given written, specific treatment options with precise prices and treatment duration times.

How would you like to change your smile?

So that we can give you a sharper image of what is possible, please write what you would like changed about your smile.

Use the back of the page, if needed.

Use the diagram if you find it helpful.
